A HIGHER EDUCATION SUMMIT
September 15-19, 2024
The Westin Peachtree Plaza • Atlanta, GA
ACUA

Call for Proposals Guidelines

Submit proposals here.

The deadline to submit a proposal is March 31, 2024

Topic Proposals

The speaker submission process is collaborative and focused on delivering relevant content to the ACUA AuditCon audience. The Conference Planning Committee (CPC) enthusiastically welcomes relevant topic proposals and suggests a few topics below:

- Current Audit Trends and Emerging Issues
- Specialized Knowledge and Topics
- Compliance, Risk Management, ERM, GRC and QARs
- Information Technology/Information Security
- Fraud and Ethics
- Professional Development and Leadership

Session Length

Sessions are presented in 50- or 75-minute concurrent sessions. The Professional Education Committee and Conference Planning Committee (CPC) Director encourage an interactive component for proposals of 75 minutes. You may request the length of your session. We will do our best to meet all requests, but we reserve the right to make changes, as needed, to accommodate the conference schedule.

Speaker Selection

The AuditCon CPC is a group of dedicated volunteers ranging in their tenure and expertise in the industry, and together form a well-qualified and cohesive review group representing public and private institutions of all sizes. The CPC will carefully review all submissions and communicate selections once the program content is determined.

Speaker Qualifications

While you do not have to be a member of ACUA to submit a proposal or to present, we give more weight to ACUA members, and those actively employed in higher education internal audit. Vendors and partner organizations are invited to present, and we give preference to those who jointly present with an individual who works in higher education internal audit.

Speaker Benefits

1. Conference discount.
2. Connect and grow new relationships in higher education internal audit.
3. Grow and build your reputation as an industry subject-matter expert.
4. Increase your brand and visibility. Speakers are featured on the conference website, in conference materials, social media and marketing channels, and on the event mobile app.
5. Earn extra CPE as a speaker under NASBA standards (up to three times the CPE credits earned by participants).
